

PERSONAL STATEMENT

Ben is a Visual Communications graduate from Seattle Pacific University, minoring in New Media. From the Midwest to the Northwest, he's always been taught that accommodating people is what you should do - no matter the circumstances. When it comes to design, it's no exception.

Everyone has their own story, their own legacy - and they want to be able to translate that into a visual representation. Design enables him to stay spontaneous and gives him an opportunity to continue to create and do what he loves everyday.

EDUCATION

- From September 2011 to June 2014
Visual Communications BA, New Media Minor
 Seattle Pacific University
- From September 2008 to June 2010
Arts & Science AA
 Bellevue College
- From September 2004 to June 2008
High School Diploma
 Liberty High School

WORK EXPERIENCE

- Amazon Web Services - AWS Support** Sept 2016 to Present
 Providing support for re:Invent, homepage and refresh of page design to new style. Developed 200+ icons, of which 50+ launched as icons for new AWS products.
- Tether Inc. - Junior Creative** April 2016 to Sept. 2016
 At Tether I heavily worked on the execution for the style guide of WE.org, developed design strategies and builds for brand book packaging, webpage layouts and design pitches – including a rewards program between WE.org and Royal Bank of Canada.
- Amazon Web Services - Junior Designer** September 2015 to April 2016
 Working directly with Senior Designers, implementing new design structure to AWS, both internally and on aws.amazon.com. Creating digital print collateral for AWS Activate, re: Invent, AWS Atlanta, etc.
- K2 Snowboarding - Junior Designer (Contract)** June 2015 to Sept. 2015
 At K2, I work closely with Jessie Côté, the Global Creative Manager at K2 Snowboarding, developing wireframes to restructure their mobile application, and refresh their online campaigns for 2015/2016. I was also given the opportunity to develop snowboard base designs during the length of my on-site contract.
- Amazon HQ - Visual Designer (Day-1, formerly ACS)** August 2014 to June 2015
 Developing ad-suites located on the Amazon homepage and subcategory pages. Highlighting work includes full design refresh of Amazon S.T.E.M., working with Qualmcomm and Avery developing their brand page, and design direction for early stages of PrimeNow mobile.
- Cascade Yearbook - Lead Photography** June 2013 to June 2014
 Overview of assistant photographer and event support through 2013-2014 year. Managing catalogs, hall photo shoots (1,200 students shot in 2 weeks) and managing monthly event photos. Increased camera deficit to school board, granted \$2,500 for yearbook photo equipment.
- Maurice Photo - Intern/Graphic Design** March 2013 to June 2013
 Efficient setup and assistance to photograph events including lighting at weddings, business shoots, and setup for studio shoots. Highlight work includes Columbia Bank CEO and videography with Rogue Island Studios.
- The Jibsheet - Lead Graphic Designer, Ad-Assistant** March 2009 to Sept 2010
